

SOUNDS OF REVOLUTION presents
ABSTRACT & WEIRD VOL.2

DETAILS

Here's the second episode of "Abstract & Weird", again programmed by Oliver Schmitt aka Sounds of Revolution, and distributed by Resonance Sound.

As with Volume 1, this collection is loaded with otherworldly FX, atmospheric, peculiar elements and all kinds of twisted and heavily processed sounds that can give your production that certain flair or character. These loops aren't just for sonic experimentalists, though, as they're ideal for all four-to-the-floor genres, including minimal, electro, trance and house of any flavour.

It's varied, fresh and massively inspiring, and equally great for creating ear-catching drops or layering with more traditional beats. All loops leave enough space for your own creative ideas to flourish - in fact, your eagerness to experiment might well be encouraged.

All loops are at 127bpm for easy integration into common electronic genres, and all are available in the most popular sampler formats.

FORMAT: 384 MB sample pack, 24-bit Wavs (213 MB/200 files), plus REX (Stylus RMX ready), plus EXS24 & Kontakt 4 Patches.
