ABOUT THE PRODUCER

CFA
S O U N D

In late 2008, the german sound designer Martin Breuhahn founded CFA-Sound. Following first soundset releases on Vengeance-Sound and Sounds of Revolution, this step opened the doors for establishing his very own sound and style. While first taking care of all kinds of modern dance music by delivering soundsets for various synthesizers and plugins, he continuously expanded his concept to sample collections and self-programmed plugins - sticking to his slogan "discover the sound of tomorrow": by being just the special bit different from "bread & butter" sound design.

Next to the own products, CFA-Sound is active in sounddesign for well-known companies like Camel Audio and Motu.
