

**RESONANCE SOUND
TWERK CITY
FOR SERUM VOL.1**

Let the bass speak! Twerk City for Serum is the brand new soundsset made by Derrek with the Resonance – Sound team. No night in the Club is complete without booming 808s, heavy drums and screaming leads. Not only trap is topping the charts right now, Moombahton is also one of the uprising genres this year. In this preset pack we combined the best from both styles.

To design this set, we spent hundreds of hours listening to the newest hard Trap tracks by Diplo, Boombox Cartel, Major Lazer, Skrillex, Dillon Francis, NGHTMRE, San Holo and many more. With Twerk City for Serum you will have the possibilities to create all different styles of heavy bass Music.

With the great variety of presets you are not forced to make aggressive trap tracks. Lush future bass chords, dreamy plucks and beautiful pads are combined with 25 midi files, which give you the best start into your new production. Macro, modwheel and velocity assignments will make it easier than ever to get the most potential out of every single Sound. It is up to you now: Make your decks smoke!
