

**RESONANCE SOUND  
TROPICAL HOUSE  
FOR SERUM VOL.3**

One of our most successful series finally continues! Tropical House Vol. 3 captures the sound of this year's summer and combines it with traditional Tropical House. Step away from your daily routine and dive into an atmosphere of waves, marimbas, guitars, uplifting melodies, smooth pads and enjoy the vibes directly from Ibiza. These presets have been crafted to bring you the highest quality sound of the pros directly into your studio. All of that would not have been possible without studying producers like Kygo, Robin Schulz, Thomas Jack, Sam Feldt, Matoma and many more for months.

Thanks to Serum's Noise Oscillator, you have the possibility to mix carefully sampled instruments like Marimbas, Guitars, Vibraphones and even Vocals into your next banger. To give you the perfect start, we included all 22 midi files from the demo so you can drag and drop them into your DAW, load a suitable preset and create a summer smasher right away. To give you even more flexibility, all presets feature maximum Macro and Modwheel assignment.

There is no tropical sound that has not been covered in this set. With these Serum presets at your fingertips, the next festival season will be yours!
