**PHOBOS
TECHNO SAMPLES VOL.2**

PHOBOS is an electronic music label that has received worldwide support from the most popular DJs in the techno industry. Richie Hawtin played Phobos tracks at numerous reknowned festivals worldwide, such as Time Warp, Awakenings, ADE, dotUp or Boiler Room. Phobos Releases are supported by Dubfire, Maceo Plex, Oliver Huntemann, Alan Fitzpatrick, Carl Cox, Joseph Capriati and many others.

PHOBOS is cordially inviting you to taste Techno Samples Vol. 2, the eagerly anticipated successor for all technoheads, delivering fresh and crisp material for your next producer session!

This is just another beautiful masterpiece loaded with never-heard samples covering any area of Techno you can possibly imagine.

Music loops are as fresh as they can get, they have that distinctive Phobos sound and are ready to breathe new life into your tracks.

Inspired by the future sound of Minimal/Techno drum sounds will not disappoint you either: Simply load some of these beats (flexible construction kits) into audio tracks or the drum sounds to your sampler and and wait for what's going to happen. These drum sounds were created for maximum impact on the dancefloor, so if you're aiming at destroying the dancefloor, at watching people go absolutely insane and at creating a cocoon of drum awesomeness then this is the drum pack for you.

The effect section is just as massive in every way. You'll unearth a collection of fast-flying risers, entrancing atmospheres and build-ups. You can expand these sounds ad infinitum, layer audio to create new textures, and craft custom effects to your liking.

No need to look further for a well-suited tool to dedust your speakers – this one's just right, hit it hard!
